LUSITANIA

SMASHES RECORD

Cunard Liner Makes Passage From Queenstown to New York in Four and One-Half Days

New York, Sept. 2.—Three new ocean records fell to the Cunard liner Lusitania on her latest trip from Queenstown, which ended tonight. The Lusitania made the passage in four days, 11 hours and 42 minutes, thereby clipping three hours and 18 minutes from her fastest previous time. She maintained an average speed of 25.84; and finally, by landing her passengers at the Cunard pier shortly before 8 o'clock tonight, she became the first liner to dock on the fourth day out from Queenstown.

Frisco Places Order for Steam Wreckers

The Frisco has placed an order for three 100 tons steam wrecking trains and three Brown hoists. The steam wreckers have been ordered from the Industrial works at Bay City, Mich., and the Brown hoists will come from the Brown Hoist Machine company at Cleveland. The steam wreckers will be here in about two months and the Brown hoist is expected to arrive in October. The latter have a capacity of 15 tons.—Springfield Leader.

A pleasing, good, high grade, truly flavored, amber colored cup of coffee can be had—and without the real Coffee danger, or damage to health—by simply using Dr. Shoop's new substitute, called "Health Coffee." Pure, wholesome, toasted cereals, malt, nuts, etc. make Dr. Shoop's Health Coffee both healthful and satisfying. No 20 to 30 minutes tedious boiling, it's taste will even trick an expert. Test it and see Shaffer Bros.

MENDON

Once more to the front and no rain in this neighborhood yet.

Mr. Frank Hunnel is having him a well dug.

Born to Mr. and Mrs. Will Anderson a boy.

John Grissom returned Sunday after spending two weeks at Sapulpa with his aged father and mother. He reports his father much better.

Mr. and Mrs. Frank Hunnel spent Saturday and with her father Peter Zinn, who has been quite poorly again.

ARBOR.

Quite a number of neighbors and friends gathered at Mr. Coyle's new home Saturday night and enjoyed a bounteous supper. Father and Mother Coyle were much surprised and a general good time was had by all. As the weather was threatening Rev. Schooley preached a short sermon at the house instead of at the Arbor. This is a commendable way to dedicate a new home.

Virga Madewell has recovered from her illness.

Willie Wheeler is on the sick list.

Miss Crossland, granddaughter of Lum Eubanks and James Crossland Jr., from Cabool, Mo., is visiting with relatives and friends.

J. E. Son has purchased five acres of land from D. P. Arnold. Consideration \$200.

The meetings have been continued this week with good attendance each evening.

Rev. Holcomb will fill his last appointments for this conference year next Sunday, September 5. He has announced that he will make a special address to the young people at the night service.

A. L. Mosby of near Chesapeake, has been taking assessments here this week.

Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by all druggists.

TRITTON FLORAL CO.

Big Whiskey Seizure

Fayetteville, Aug. 27.—D. B. Horsley, prosecuting attorney of this district, arrived here today from Bentonville, jubilant over the biggest capture of whiskey ever effected in this part of the state.

He was given a tip about a month ago that whiskey was being stored in Benton county in large quantities to be transported to Southwest City, Mo., and then reshipped to Arkansas in small express packages. He filed information before Justice Jackson and search warrants were put in the hands of Deputy Sheriff Ed Young. A quiet search was made with no result.

Horsley, who has been diligent on the case again received a tip yesterday, and search was repeated early this morning, resulting in the exposure of 25 barrels of whiskey, which were stored in a barn on R. A. McCurley's farm.

The liquor was loaded on wagons and hauled to Bentonville. Six thousand dollars is a conservative estimate of the value of the capture, and it is a record-breaker. The state's attorney expects that a claim will be entered for the goods, but he says he will carry the case to the highest court in the state, as he is determined to stop the liquor traffic in his district.

Mt. Vernon News

From The Chieftain.

Oscar King, who is now in the laundry business at El Reno, Okla., was a Mt. Vernon visitor over Sunday. Oscar says he is doing well.

Judge R. L. Matthews has moved to Monett where he and his son-in-law, J. H. Peddy, have opened up a new shoe and hat store. We hope the Judge was careful to locate on the Lawrence county side, as this county can't very well afford to lose so good a citizen.

Luck continues to tantalize Judge Hiram Martz of Verona. Awhile back in digging a well on his farm several chunks of float mineral were found and now the surface of the water in the well is covered with an oil that tastes and smells like petroleum. Wouldn't it be great if the well got to be a gusher of the stuff that John D. pays 35 cents a barrel for and the grocer retails at \$6.40.

The rain Saturday afternoon was accompanied by quite an electrical storm. The court house dome was slightly injured on the north side by a stroke that made the slate shingles fly, a tree in town and one on the Sanatorium grounds was splintered, but no one was injured. Everybody was glad to see the rain that they didn't feel like cutting up about a little electricity with it.

The rain began at 4:30 and the down pour was almost constant until 6:30.

Mrs. W. W. Cushing and family returned to their home at Marionville Sunday after two weeks visit at Monett.

W. B. Langley Acquitted

The embezzlement case against W. B. Langley was tried at Ozark last week and the jury rendered a verdict of not guilty. This case is too well known in Stone county to need explanation, it being a case which grew out of the expert examination of Mr. Langley's records as county treasurer in which the county recovered \$321. Owing to the evidence being practically the same in the forgery case, and because of the surrounding influences, Mr. Langley was acquitted.
